

Congratulations--The Fun has Just Begun!
You're registered in the Global Event of the year--

The International
Buddy Booby's Birthmark
Read-Along!

Prove what a world of
difference a book can make....

On May 15th, you will be joining classrooms from Australia, England, Ireland, Germany, Canada, and the U.S., in a simultaneous reading of the book, *Buddy Booby's Birthmark*. The event commemorates the Vascular Birthmarks Foundation (VBF) International Day of Awareness.

Your registration is the first step towards participating in a global effort designed to raise birthmark awareness and teach children to support and respect others who are different...in any way!

This is your official registration packet, which includes access to a multitude of creative ideas for your class to make the day EXTRA special!

For additional information about the VBF's Day Of Awareness Campaign including additional ways your school/community can become involved, visit
